WHAT DO PEOPLE SAY?

Current manager at Creative Space

Jobbet som glaserer kræver et stort overblik og gode kommunikationsevner da der bl.a er meget koordination mellem butik og værksted. Siiri arbejder meget selvstændigt og er både struktureret og enormt ansvarlig. Derudover er hun initiativrig og kan komme med konstruktive løsninger og gode ideer til både de daglige arbejdsopgaver og til indretning af værkstedet mm. Hun har desuden stået for oplæring af nye glaserer, da hun er dygtig til sit arbejde og til at lære fra sig.

Siiri er meget vellidt blandt kollegaer, hvor hun altid har været parat til at give en hjælpende hånd, samtidig er hun meget nem og behagelig at omgås.

Alle opgaver bliver altid løst til vores fulde tilfredsstillelse og Creative Space kan give Siiri de varmeste anbefalinger. Vi ønsker hende alt held og lykke med at finde en praktikplads der fortjener hendes mange evner.

Skulle der være behov for yderligere information, står vi gerne til rådighed med uddybende oplysninger.

President of an animal rescue organisation

I have worked with Siiri for one and a half years within the non-profit organisation *The Paw Portal*.

Our primary scope is volunteering with animals, fundraising, finding foster homes and adoptions. Siiri is responsible for the finances of one of the sub-groups and is therefore a highly entrusted person within the organisation.

She is responsible and reliable, thorough and proactive, traits needed for such an important post in our organisation. In addition she manages foster homes and adoptions, a highly important task requiring people management skills, a clear sense of judgment and organisational skills.

I give my warmest recommendations for Siiri, I have during this time enjoyed working with her due to her dedication, honesty and sense of responsibility.

Kind regards, Elin Raees

Colleague at HP

From August 2017 – October 2018 I had the pleasure to work with Siiri Lietu at HP Inc. during my time as an Account manager in the German team. Siiri was a Global Account manager in the Global team. She was not only a great co-worker - Siiri is dedicated, perfectionist, with an incredible common sense and problems solving capacity. Due to her experience, she could help me many times when I needed advice.

Siiri has always created great relations with people surrounding her and I saw her always available to help others. I hope that I will get the opportunity to work with Siiri in the future again.

I wish her all the best for her future professional goals!
